

Assumption of the Risk and Waiver of Liability Relating to COVID-19

Covid-19 has been declared a worldwide pandemic by the World Health Organization. COVID-19 is extremely contagious and is believed to spread mainly from person-to-person contact. As a result, we are following all government guidelines, including infection control and have carried out a full risk assessment.

Dayspace has put in place preventative measures to reduce the spread of COVID-19; however, Dayspace cannot guarantee that you will not become infected with COVID-19. Further, attending Dayspace could increase your risk of contracting COVID-19.

We ask that all visitors to Dayspace adhere to our infection control process as follows:

- Arrive at the agreed time of the session. Those arriving early will be asked to wait outside.
- Please enter the building wearing a mask – over your nose and mouth – unless you are in the exemption category or if Dayspace deems it appropriate to make an exception for a customer.
- Sanitise your hands.
- Allow your temperature to be taken and recorded.
- Follow our one-way system into your session.
- When your session has ended please leave the building promptly to allow those waiting to enter.
- Support staff should adhere to all the above and those not following these will be asked to leave the building.
- Support staff are also asked to ensure that the person they support arrives and leaves at the agreed times.
- All Dayspace staff are vaccinated, will follow the above procedures and will be wearing disposable medical masks at all times.

For further information on our rules and procedures please refer to our full risk assessment.

By signing this agreement, I acknowledge the contagious nature of COVID-19 and voluntarily assume the risk that the people I support, and I may be exposed to or infected by COVID-19 by attending Dayspace.
